INFRASTRUCTURE STATUS

With the contributions from the Ministry of Tourism access road to the Tourism Center has been constructed and the asphaltting works are completed. Electrification service is provided for use. Inefficient infrastructure (drinking water-serving water, sewage etc.) shall be realized by the related public institutions and/or the investors or the required financial contribution shall be made.

OTHER INFORMATION

- 1) Incorporation of joint stock company shall be compulsory for the allocated firms, as it is the case in other Winter sports Tourism Centers for completion of the inefficient infrastructure investments, operation of mechanical facilities and acting in coordination.
- 2) The area of the plot number 1190 is 509.535 m² and all the necessary plotting, splitting and registry procedures defined by Land Use Plan, shall be fulfilled by the investors.
- 3) Bed capacities are defined by the land use plan.
